GENERAL CONDITIONS

Article 1) For contracts and contractual proposals for online applications, as well as for contracts negotiated outside the headquarters of Nuova Accademia Srl (NABA), in accordance with Article 52, para. 1 of the Consumer Code, the student has the right to withdraw from the contract without incurring taxes of any kind and without the payment of any penalty within the time-limit of fourteen working days from the time the contract is concluded (the time of receipt of the contract/enrolment form).

Withdrawal shall be carried out by registered letter, in which the following are shown: student's first name and last name, student's address, the date and place, student's signature; as proof of delivery and for the purposes of the time-limit expiry, the delivery date of the registered letter shall be considered as valid. The registered letter must be addressed to Nuova Accademia Srl – Via C. Darwin 20, 20143 Milano (MI).

Article 2) If the student withdraws legitimately from the contract as laid down in the previous article, he or she will be refunded all the payments he/she has made in favour of NABA, excluding the Application Fee for the entrance examination, required for enrolment.

Article 3) NABA's commitment towards a student who enrolls on a Three-year course, Two-year Master's course or Academic Master's course is subject to the suspensive condition that a minimum number of 10 students enrolled is achieved, this being the minimum number necessary to activate each course. If this number is not achieved, the course in question will not be activated. Notice that the course cannot be activated will be given by NABA to the student at least 30 calendar days in advance of the programmed start of lessons; in this case NABA will refund, as soon as possible, the entire amounts paid. NABA shall not be liable for any costs (for example: travel, overnight stays, etc.) already incurred by the student for enrolment and in any way related to enrolment and attendance at the course, nor for any other damage of a different nature.

Article 4) NABA reserves the right, until the deadline of thirty calendar days before the start of lessons, to do the following:

- cancel the Course, withdrawing from the contract;
- modify the Course;
- change the location of the lessons.

Non-European students must pay the total amount of the tuition no later than 3 months before the start of the chosen Course. If a non-European student benefits from a payment plan, he/she must pay the first instalment of the tuition fee no later than 3 months before the start of the chosen Course.

European students must pay the first instalment of the tuition no later than 30 days before the start of the chosen Course

Non-European students who withdraw prior to 3 months before the start of the Course will be entitled to a full refund of the amount paid, excluding the amount paid as a Pre-enrolment Fee. European students who withdraw prior to 30 days before the start of the Course will be entitled to a full refund of the amount paid, excluding the amount paid as a Pre-enrolment Fee.

Non-European students who withdraw in the 3 months prior to the start of the Course by filling out the appropriate form will not be entitled to any refund of the amounts paid up to that time.

European students who withdraw in the 30 days prior to the start of the Course by filling out the appropriate form will not be entitled to any refund of the amounts paid up to that time.

For the avoidance of doubt, no refund shall be due in the event that the visa refusal is wholly or partially attributable to the Student's acts or omissions, including but not limited to failure to attend consular appointments, failure to submit required documentation, submission of incomplete, inaccurate or misleading information, or any other conduct that may reasonably have contributed to the visa application being

rejected.

In such cases, the burden of proof that the visa refusal was not caused by the Student's conduct shall rest entirely with the Student.

In the event that a Student is permitted to commence or attend the course prior to the issuance of a visa (including, by way of example, on the basis of a diplomatic passport, an existing residence permit, or other temporary or alternative authorization), and the visa application is subsequently refused, any refund due shall be calculated on a pro-rata basis, taking into account the portion of the course already attended and the services already provided.

Under no circumstances shall the Student be entitled to a full refund once course attendance has commenced.

Alternatively, the student shall have the opportunity to defer his/her participation to another course or subsequent intake as follow:

After having paid the full tuition fee (pre-enrollment fee + regional tax + tuition fee + Degree fee if applicable) and within not more than one month prior the beginning of the course, the student has the right to change the enrollment intake. The student can ask to change the enrollment intake to the next available intake only (since no multiple intakes in the same academic year are available, the only option would be in the following academic year) if the student didn't defer the enrollment previously. Thus, if the student has changed the enrollment intake already, it won't be allowed to change the enrollment intake a second time. If the student wants to request an intake review, he/she will have to submit a formal request by sending a new application form and payment of a fixed extra fee of €250,00. Upon prior authorization of the Direction Board, the student might be allowed to transfer only to the intake which is directly following the one of the first enrollment application. In this case, the fees already paid will be maintained valid. NABA above refund policy, point 3, is not effective and the student loses the refund right in any deferral case.

Upon the authorization to defer to the following intake, the student is aware and commits to paying the eventual tuition fee payment difference (in case the standard tuition fee of the new intake is higher). Any deduction or scholarship will not be maintained valid for the new intake.

If NABA withdraws, the student shall be entitled to demand from NABA double the Pre-enrolment Fee already paid, excluding the regional tax.

Article 5) Notwithstanding the provisions of Articles 1, 2 and 3 the student who, having requested and obtained enrolment and signed this contract, during the academic year: a) does not regularly attend lessons and/or does not sit exams; b) withdraws from the course, formalizing this decision through the completion of the appropriate form, whatever may be the reason for this behaviour and/or decision (including, but not limited to, reasons of health, reasons of a personal and/or family nature, work reasons and any other reason), may not request the repayment of sums paid and/or suspend payment of sums still owing by way of taxes and tuition fees, remaining obliged to pay the whole sum due by the method and on the expiry dates established, and to pay the whole annual amount of the tuition fees.

Article 6) It is agreed between NABA and the student and his/her guarantors that the payment of the Enrolment Fee for subsequent years shall constitute a necessary and sufficient condition to validate the enrolment itself; this payment shall be considered as the acceptance by conduct of consent on the part of the student and his/her guarantors of the General Conditions of Contract, including those that are the subject of specific approval according to Articles 1341 and 1342 of the Italian Civil Code; consequently all obligations assumed by each of the parties by signing this application shall be confirmed with the enrolment.

The fee, consisting of the following items: Pre-Enrolment Fee and Tuition Fee, starting from the second academic year after the signing of the enrolment application, shall be increased at a fixed and pre-determined rate of 2,7% and starting from the third academic year after the signing of the enrolment application at the rate of 3%.

Article 7) If the student should notify in writing a desire to suspend his or her studies for the academic year subsequent to the one in progress and this notification should be received within and no later than the expiry dates laid down for re-enrolment, a fixed fee of Euro 300.00 must be paid for each academic year of suspension of studies (for a maximum of three academic years). The tuition fees if already paid, shall in this case only be considered and held as valid by NABA for the enrolment year subsequent to the suspension, if the student resumes his/her studies. If the student should decide not to resume studies at the end of the suspension period, the tuition fees and the re-enrolment, if already paid, shall be permanently retained by NABA.

Applications to suspend studies for the academic year following that in progress, presented after the expiry dates laid down for re-enrolment, may not be taken into consideration and may not produce any effect with regard to payments made and still to be made.

If the student does not formalize either withdrawal from a course, or suspension of studies, or re-enrolment, within the expiry dates laid down for re-enrolment, he or she shall have the possibility, within a maximum period of 5 years, to resume his or her student career by paying a fixed fee of Euro 2,000.00. The procedure lays down that, upon prior application from the student to resume his/her academic career, NABA will proceed to carry out an academic assessment and a check on any educational debits, following which it will define the student's year of attendance. It is specified that the suspension of studies cannot be retroactive.

Article 8) NABA has the right to establish the number of courses and course-units activated annually for each diploma course. NABA will guarantee to students who have enrolled that course-units necessary for obtaining the diploma for the relative course of study, as defined by the MUR (Ministry of Universities and Research) or other regulations in force, will be activated.

Article 9) Course-units may vary according to academic choices or ministerial directives linked to the implementation of the reform of Institutions of Higher Artistic and Musical Education (AFAM/MUR). The lesson group allocated in the first year may undergo variations in subsequent years due to motivations linked to the teaching programme and the choices made by the student when completing the study plan in relation to choose of specialisation and optional courses to be selected.

Article 10) Lessons will be held weekly according to the provisions of the academic timetable defined annually.

Article 11) All students, on enrolment, must possess the prerequisite for knowledge of the language in which the course is held (Italian or English). In any case, with regard to those students who submit a certificate of linguistic competence (among those recognised by NABA), NABA reserves the right to ask at any time for additional documentation or to carry out checks relating to the certificate presented. If the student is unable to present one of the required certificates, NABA will test the student's knowledge of the language and will consequently assign a level to him or her.

Referring to the Two-year and Three-year Master's courses, if the level achieved is lower than that required (for Master's courses, this must not in any case be lower than complete B1.2), the student must attend a necessary remedial course – organized by NABA – in order to reach the required level (CEFR complete B1.2) and only when this level is reached may he or she enrol and take the examinations.

For further details see Director's Decree No. 42/2024 of 23/10/2024 and subsequent modifications (published in the MyNABA students' reserved area on the NABA website. Username and login password will be supplied following enrolment).

Students who do not achieve the language level required – as this is a pre-requisite for entry – will be enrolled on the Diploma Programme (auditor) course. This situation does not represent a valid reason for

unilateral withdrawal and the student's refusal to accept the enrolment on the Diploma Programme (auditor) course will have consequences and effects in accordance with Articles 5, 16 and 17.

The student who does not present a valid language certificate (according to the linguistic requirements shown on the admission application) will be obliged to take the language test programmed by NABA. The student who has not presented a valid language certificate attesting to a suitable level and has not taken the test programmed by NABA will not be able to take part in the educational activities and will be removed from the lesson registers.

In addition, all students enrolled on Three-year courses are also obliged to take the NABA English language test to verify their level of language competence. The test results are expressed according to the thresholds defined by the Common European Framework of Reference for languages. If passed, this test entitles the student to acquire course credits; if not, it entails the attribution of a debit which must be rectified in order to achieve the qualification (level complete B1.2).

Article 12) NABA guarantees to the student access to the buildings for the duration of lessons laid down for the academic year and for the number of hours necessary for achieving the academic qualification. Further access to the buildings is dependent on the requirements of the teaching programme and on logistic availabilities.

Article 13) NABA is not liable for any failure or delay in delivering its services wholly or in part deriving from or attributable to non-compliance with any obligation, caused by or attributable to acts and non-compliance of obligations by third parties, events, omissions and/or accidents beyond possible and reasonable control, such as, by way of example but not limited to, strikes or other disputes involving its own personnel or personnel of other, third parties, natural disasters, wars, revolts, civil unrest, voluntary damage, in accordance with any law or government provisions, regulations or directives, accidental failure of equipment or machinery, fire, flood, storms, pandemics, epidemics or other spread of illnesses and/or infections, or in the lack of public supply of energy and services, telecommunications and/or information technology.

Article 14) Lessons, both in person and online (synchronous and asynchronous), teaching materials and any related content (i.e., but not limited to, handouts, slides and manuals, software, trademarks, logos, signs, names, trade names, designs, models, inventions, etc.) created and prepared for the courses by NABA (by its employees and collaborators and/or licensees) ("Materials") are subject to copyright and related rights, and to industrial property rights, according to current applicable laws and regulations. Any and all Intellectual Property Rights on the Materials provided and/or made available to Students are owned and/or at full disposal of NABA and/or its licensors.

For the whole course period, and even after its completion, Students are not allowed to use the Materials for purposes which differ from and are not strictly related to the execution and the attendance of the courses object of this contract. The Materials may be used by Students only for carrying out the activities directly related to the attendance of educational services offered by NABA and may be reproduced, even in a form that is different than the one in which they were provided, only if and in the manner expressly indicated by NABA.

In the specific case of the streaming of audiovisual contents, synchronous and asynchronous, Students are authorized to perform only the transitory or accessory acts, essential and functional to the visualization on screen.

Unless otherwise indicated, the download of the Materials is prohibited. Also, it is forbidden to use the Materials, in whole or in part and in any form, for commercial purposes and for any other purpose beyond the scope of this contract.

Students undertake to observe the utmost diligence in the use of the Materials, avoiding taking, directly or indirectly, any action and/or deed that may be detrimental of Intellectual Property Rights on the Materials.

Students shall promptly notify in writing NABA of any actual or potential infringement of Intellectual Property Rights on the Materials deriving from any action and/or deed of third party of which they become aware during the course period.

Any and all Intellectual Property Rights resulting from the creative and/or inventive activity related to the activities, studies, experimentation, and project design carried out by the student individually or in group within the scope of a didactic project under the guidance of NABA's professors and/or directors, and any material produced, conceived and realized by the student individually or the group itself during the academic activity (including, by way of example and not exhaustively of handouts, presentations, texts, projects or other, with the exception of the diploma thesis), will be the exclusive property and ownership of NABA and is deemed to have been definitively and free of charge assigned by the student to NABA, which will have every right to exploit, economically utilize and dispose of it for any reason (including, by way of example and not exhaustively: advertising, promotional, internal strategy, informative or research, didactic or experimental purposes). Consequently, every right of deposit and registration of Intellectual Property Rights in national, community, international registers is reserved to NABA, without prejudice to the students' rights to be recognized as authors.

The Intellectual Property Rights of the diploma thesis, as better described in NABA's Intellectual Property Regulations, available at the following link <https://www.naba.it/it/chi-siamo/regolamento-della-proprietà-intellettuale> (in Italian language) - <https://www.naba.it/en/about-us/regulation-of-intellectual-property> (in English language), belong to the student, who is entitled, in addition to the moral rights, to the rights of economic utilization.

In case of the student's alienation of the rights of economic utilization, the student agrees to grant NABA the right of pre-emption, as regulated in Art. 5 of the Regulations.

Article 15) Contributions, fees and taxes do not include photocopying, lecture notes, colour prints and consumables for all practical exercises, or computer processing of theses, or participation in competitions and exhibitions.

Article 16) The late payment of amounts relating to taxes/tuition fees will incur the application of a penalty of an additional Euro 50.00 for a delay in payment of up to 30 days and Euro 100.00 for a greater delay. It is specified that in the case of arrears the student's presences will not be registered and absences deriving from late payment will not be justified for any reason.

Article 17) In the case of late payments, NABA reserves the right to request immediately the balance of amounts outstanding, to suspend the student who is in arrears from attendance at the Course and from examinations and also to apply for the appropriate court orders to recover the sum owed including expenses, interest payable, interest on arrears, statutory taxes and other, as well as the penalty referred to in Article 16.

Article 18) The student is obliged to comply with the regulations concerning the rules of behaviour to be followed within the Academy, the rules for use of the student email account, the Academy's PCs and personal ID card, to be found in the MyNABA student reserved area in the section Academic courses > Rules and regulations. Non-compliance with these regulations may incur the application of disciplinary sanctions commensurate with the gravity and repetition of the facts ascertained, which may also involve suspension – temporary or permanent – from the Academy.

Article 19) NABA reserves the right to request compensation for any damages caused by the student to the premises and equipment. The student is obliged to use these correctly and to respect the cleanliness of the premises and the areas in common use.

Article 20) Introducing dogs or other animals into the NABA campus is prohibited.

Article 21) NABA will not act as guarantor or custodian of items left unattended or mislaid on the Academy's premises.

Article 22) First-year students on the Two-year course who have been resident for at least 3 years in a country of the European Union and who do not present the documentation relating to family income for assigning an income bracket before the start of courses, will be automatically assigned to the highest income bracket

The tax band determined for the enrolment year must be reconfirmed for subsequent years by presenting suitable documentation before 30 November. The band will remain unchanged until the entire documentation required has been presented within the time limits imposed.

Article 23) Students enrolled in the third year of the Three-year course or in the second year of the Two-year course are obliged to pay NABA a contribution of Euro 540 for the final diploma examination and a tax to the Inland Revenue Agency for issue of the diploma parchment of Euro 90.84 (amount established subject to adjustment which may be shown in the academic diploma regulation for the academic year of registering for the final examination) within the payment time-limits as laid down.

Students enrolled on a Master's course are obliged to pay NABA only the contribution of Euro 540 for the final diploma examination.

Article 24) An enrolment application by a student in possession of a foreign academic qualification is accepted on the following conditions:

A - the qualification obtained allows admission to the study courses that the student has chosen to attend in the Academy; this requirement is shown by the legalization of the university degree and transcripts (with official translation in Italian language). In case NABA needs some closure on student's university degree, the student must provide the Certificate for the equivalence of the qualification (Statement of Comparability) issued by the Italian Enic-Naric Centre.

B - the foreign qualification has been obtained at the end of a period of schooling whose duration corresponds with the minimum laid down by the Italian ministerial provisions in force for the purposes of admission to academic studies.

A special Evaluation Commission, appointed by the Director, will check the adequacy of the legalized university degree and transcripts of the foreign academic qualification. If the Evaluation Commission considers the documentation presented by the student to be inadequate, the student will be enrolled on the Diploma Programme (auditor) course for the course chosen, without the acknowledgement of academic credits and without taking the academic diploma (NABA Academic Regulations Article 21/2). The inadequacy of the foreign qualification does not represent a valid reason for unilateral withdrawal and the student's refusal to accept the enrolment on the Diploma Programme (auditor) course will have consequences and effects in accordance with Articles 5, 16 and 17.

Article 25) Enrolment on the academic course remains, in any case, conditioned by the student being in possession of all the requirements for entry and residence in Italy provided for by the laws in force with reference to the academic year to which the enrolment refers. The student acknowledges that in the period in which the study course is carried out NABA is exempt from all liability in respect of the issue and/or confirmation by the competent Authorities of a study visa and relative residence permit, which must be obtained by the student at his/her exclusive responsibility and at his/her own expense. The student also acknowledges the same in the case where he/she requests and obtains a course transfer during the enrolment period. The student acknowledges and agrees with NABA that if it is impossible, because of the reason described above, or for any other

reason also beyond his or her control, to attend, or continue to attend the chosen course, NABA will be entitled to withhold, by way of reimbursement for costs and expenses it may have incurred and costs and/or compensation it may still incur, all sums paid by the student for whatever reason. In any case, this shall be without prejudice to any further losses.

For the avoidance of doubt, no refund shall be due in the event that the visa refusal is wholly or partially attributable to the Student's acts or omissions, including but not limited to failure to attend consular appointments, failure to submit required documentation, submission of incomplete, inaccurate or misleading information, or any other conduct that may reasonably have contributed to the visa application being rejected.

In such cases, the burden of proof that the visa refusal was not caused by the Student's conduct shall rest entirely with the Student.

In the event that a Student is permitted to commence or attend the course prior to the issuance of a visa (including, by way of example, on the basis of a diplomatic passport, an existing residence permit, or other temporary or alternative authorization), and the visa application is subsequently refused, any refund due shall be calculated on a pro-rata basis, taking into account the portion of the course already attended and the services already provided.

Under no circumstances shall the Student be entitled to a full refund once course attendance has commenced.

Article 26) This contract is governed and regulated by the Law of Italy and subject to Italian jurisdiction. For any dispute, the parties nominate the Milan court as the court with exclusive jurisdiction.
