The re-enrolment fee is non-refundable.

The tuition fees, consisting of the following items: Pre-Enrolment Fee and Tuition Fee, shall be increased, from the second academic year following the signing of the enrolment application, by a fixed and predetermined rate of 2.7% compared with the tuition fees applicable for the first academic year.

From the third academic year onwards, the tuition fees will be further increased by a fixed and predetermined rate of 3% compared with the tuition fees applicable for the second academic year.

Article 7) If the Student should notify in writing the intention to suspend his/her studies for the academic year subsequent the one in progress and should such notification be received within and no later than the expiry dates laid down for re-enrolment, a fixed fee of Euro 300.00 must be paid for each academic year of suspension (up to a maximum of three academic years). In such cases, any tuition fees already paid will be considered and retained by NABA as valid for the academic year following the suspension, provided the Student resumes his/her studies. If the Student should decide not to resume studies at the end of the suspension period, the tuition fees and the re-enrolment fee, if already paid, will be retained by NABA.

Should the application for suspension be submitted after the deadline for re-enrolment, but in any case before the start of Courses for the relevant academic year, NABA may accept it subject to payment of both the fixed suspension fees of the amount of € 300.00 and the re-enrolment fee. In such cases, the re-enrolment fee will be retained by NABA and will not be credited towards subsequent academic years, not will it be refundable.

Applications to suspend studies for the academic year following the one progress, submitted after the expiry dates laid down for re-enrolment, will not be considered and will have no effect on payments already due or to be made.

If the Student fail to formalise by the expiry dates set for the re-enrolment, either the withdrawal from his/her studies, the suspension of studies or re-enrolment, he/she will have the option, within a maximum period of 5 years, to apply to have their academic record reinstated.

Students may apply for reinstatement only if they are up to date with the tuition fees payment, other fees and any other amounts due in relation to previous academic years of enrolment.

Under this procedure, NABA will carry out an academic assessment and check for any outstanding academic requirements, following which it will determine the Student's year of enrolment. Upon application for reinstatement submission, a non-refundable fee of € 200.00 will be required to cover the administrative processing costs and to enable the academic assessment of the Student's academic record for the purpose of identifying any outstanding academic requirements.

Once the outcome of the assessment has been communicated, the Students may formalise the reinstatement of their academic career by paying the remaining fee of € 1.800,00, in addition to the fees, tuition charges and contributions due for enrolment in the academic year in which they resume their studies.

It is understood that the suspension of the studies cannot have retroactive effect.

Article 8) NABA has reserves the right to establish the number of Courses and Course-units activated annually for each diploma program. NABA will guarantee that enrolled Students are offered the modules necessary to obtain their diploma within the duration of their Course, as defined by the MUR (Ministry of Education, Universities and Research) or other applicable regulations.

Article 9) Courses may vary according to academic decisions or ministerial directives linked relating to the implementation of the reform of Institutions of Higher Artistic and Musical Education (AFAM/MUR). The Course group assigned in the first year may undergo variations in subsequent years due to motivations linked to the teaching program and Students choices when completing the study plan in relation to

their choice of specialisation and optional Courses to be selected.

Article 10) Lessons will be held weekly in accordance with the academic timetable set out annually.

Article 11) All students, upon enrolment, are required to show a language proficiency in line with the language of the chosen course (Italian or English).

Students' visas are issued to international candidates having acetified B2 level, mandatorily.

Nevertheless, NABA academic entry requirement can be as low as B1.2.

In order to show their language proficiency, students are either allowed to submit a valid certificate (NABA has a list of accepted certificates) or sign up to take NABA in-house free of charge test.

Referring to Bachelor of Arts and Master of Arts programmes, if the level achieved is lower than what is required (for Master courses, the required level is at least B1.2), the student is mandatorily asked to attend remedial courses – organized by NABA – until reaching CEFR complete B1.2. Students are not allowed to take exams when the proficiency level is lower than B1.2.

Students without the required language level – as this is an entry requirement – are enrolled on the Diploma Programme (auditor) course. This does not represent a valid reason for unilateral withdrawal and the student's refusal to accept the enrolment on the Diploma Programme (auditor) course will have consequences and effects in accordance with Articles 5, 19 and 20. Not showing the required language proficiency implies the removal from the lessons registers and the participation into educational activities.

Students enrolled on Three-year courses are also required to prove their proficiency in order to gain academic credits as foreseen by their study plan. Again, students can submit a valid certificate, or take NABA in-house test, in this case, test results are expressed according to the thresholds defined by the Common European Framework of Reference for languages. If passed, this test entitles the student to acquire course credits; if not, it entails the attribution of a debit, which must be rectified in order to achieve the qualification (level B1.2).

For further details see Director's Decree No. 42/2024 of 23/10/2024 and subsequent updates and English Language Regulation (published in the MyNABA students' reserved area on the NABA website. Username and login password will be supplied following enrolment).

Article 12) Access to curricular and extracurricular work placement activities is permitted exclusively to Students who, for the entire duration of the relevant process, meet all of the following requirements: (i) regular attendance in accordance with Article 5; (ii) up-to-date payments; (iii) participation in the profiling sessions organised by the Career Service Office in accordance with the procedures specified by the office. If even one of the above requirements is not met, the Student will not be permitted to undertake the placement; or, if the relevant administrative or organisational process has already begun, NABA may suspend or revoke authorisation to undertake the placement, without prejudice to any obligations already incurred toward third parties.

Students enrolled on the Diploma Program, due to the specific structure of their Course, are not eligible for either curricular or extracurricular work placements; for them these Students, NABA provides an alternative pathway in accordance with the applicable internal regulations.

Article 13) Students holding one of the following certificates, which must be valid on the submission deadline, are entitled to exemption from payment of the annual tuition fee:

- a) a certificate issued by INPS attesting to a civil disability of 66% or more;
 - b) a certificate of disability assessment in accordance with L. 104/92.
- The aforementioned documentation proving that the requirements are

met must be submitted, failing which the right to exemption for the relevant intake will lapse, by the following deadlines:

- a) by the last Friday in July, for the Courses starting in October;
- b) by the second Thursday in December, for Courses starting in February.

Applications submitted after the deadlines set out in the preceding paragraph, even if accompanied by the required documentation, shall have no effect with regard to the intake for which they were submitted. In such cases, where the conditions are met, the exemption shall be granted with effect from the immediately following intake.

If the certificate submitted cease to be valid during the academic year, the Student is required to apply for its renewal without delay and to submit the relevant documentation as soon as it becomes available. Continuation of the benefit is subject to the requirements continuing to be met and to the timely submission of updated documentation.

NABA reserves the right, at any time, to carry out checks on the accuracy of the declarations made and the validity of the documentation submitted, in accordance with current legislation.

In the event that is established that the requirements are not met or have ceased to be met, the exemption shall lapse with effect from the date on which the requirements ceased to be met, without prejudice to the recovery of any sums due and any further consequences provided for by law.

Art. 13-bis) Students with Special Educational Needs are required to expressly and formally notify NABA of this when submitting their application for admission.

This notification must be accompanied by appropriate up-to-date and valid certification or specialist documentation issued by the relevant authorities or accredited healthcare organisations.

NABA, in accordance with the principles of inclusion and within the limits of its organisational and educational autonomy, will assess the adoption of compensatory measures or specific personalised support. The granting and actual provision of such support measures are expressly subject to and conditional upon:

- a) NABA's financial resources;
- b) the compatibility of the requested support with the nature and the technical, practical and laboratory-based characteristics of the chosen Course;
- c) the logistical, architectural and structural characteristics of the classrooms and laboratories of the Campuses.

Formal admission to the Course and enrolment remain subject to and conditional upon a favourable outcome of the assessment regarding the concrete feasibility and sustainability of the necessary support measures.

If the preliminary assessment, following the evaluation, reveal that the Student's needs are incompatible with the requirements set out in points a), b) and c), NABA reserves the right, on the basis of the preliminary investigation and the specific circumstances ascertained, not to proceed with formal admission.

If an assessment be initiated in relation to Special Educational Needs that have arisen between the admission stage and the enrolment stage, or during the academic year enrolment, NABA, based on the outcome of the assessment and taking into account the Student's specific circumstances and their compatibility with the requirements and attendance conditions of the chosen Course, may decide, where the relevant conditions are met, not to proceed with formal enrolment, to order the temporary suspension of studies, or to terminate the contract.

In such circumstances, NABA shall not be liable for any costs, expenses, or outlays already incurred by the Student (for example: travel, accommodation, etc.), nor for any damages of any kind.

In the event of late notification of Special Educational Needs, or should such needs arise or be reported during the academic years, the Student remains obliged to pay the tuition fees in full.

In the event of studies suspension, tuition fees shall be payable in proportion to the period during which the Student has actually attended. Failure by Student to provide notification, or the provision of incorrect

or late notification, or failure to submit medical documentation within the prescribed time limits, shall release NABA from any obligation to provide specialist support for the relevant academic year and shall exempt it from any liability.

Article 14) The scholarship and any other tuition fee reductions are subject to the prompt payment of all amounts due by the deadlines notified by the Institution. Failure to pay, even in part, any sum by the relevant deadline will entitle NABA to revoke, in whole or in part, the scholarship awarded. In the event of revocation, the Student will be required to pay the applicable standard tuition fee.

Art. 15) NABA guarantees Students access to its facilities for the duration of the academic year's scheduled lessons and for the number of hours required to obtain their academic qualification.

Any further access to the facilities is subject to the requirements of the teaching programme and logistical availability.

Art. 16) NABA is not liable for any failure or delay in the provision of its services, in whole or part, arising from or attributable to a breach of any obligation, caused by or attributable to acts and breaches of obligation by third parties, events, omissions and/or incidents beyond its reasonable control, such as, by way of example only and without limitation, strikes or other industrial disputes involving its own personnel or personnel of other third parties, natural disasters, wars, revolts, civil unrest, voluntary damage, in accordance with any law or government regulations, rules or directives, accidental breakdowns of equipment or machinery, fire, floods, storms, pandemics, epidemics or other spread of illness and/or infections, and failures in the public supply of energy and services, telecommunications and/or information technology.

Article 17) Lessons, both whether delivered in person and online (synchronous and asynchronous), teaching materials and related content (i.e. including, but not limited to, handouts, slides and manuals, software, trademarks, logos, signs, names, trade names, designs, models, inventions, etc.) conceived, created, and produced by NABA (by its employees, collaborators and/or licensees) ("Materials") are subject to protection under copyright and related rights, and industrial property rights, in accordance with the current applicable laws and legislation in force. All Intellectual Property Rights on the Materials provided and/or made available to Students are owned and/or fully controlled by NABA and/or its licensors.

For the entire Course duration, and even after its completion, Students are not allowed to use the Materials for purposes which differ from and are not strictly related to the execution and the attendance of the Courses covered by this agreement. Students are entitled to use Materials only to the extent necessary for the use of the educational services offered by NABA and may be reproduced, including in a format other than that in which they were provided, only where expressly permitted and in accordance with NABA procedures.

In the specific case of streaming of audiovisual contents, synchronous and asynchronous, Students are authorized to carry out only those transient or incidental acts that are essential and necessary for viewing the visualisation on screen.

Unless otherwise indicated, downloading of the Materials is prohibited. It is also forbidden to use the Materials, in whole or in part and in any form, for commercial purposes and for any other purpose beyond the purpose of this agreement.

Students undertake to observe the utmost diligence in the use of the Materials, refraining from carrying out, directly or indirectly, any action and/or deed that could constitute an infringement of Intellectual Property Rights relating to the Materials.

Students shall promptly notify in writing NABA of any act or potential infringement of Intellectual Property Rights relating to Materials, of which they become aware whilst attending the Course covered by this agreement.

Any and all Intellectual Property Rights arising from the creative and/or inventive work relating to the activities, studies, experimentation, and project design carried out by the Student, individually or in group, as part of an educational project under the guidance of NABA's professors and/or directors, and any material produced, conceived and realized by the Student individually or the group itself during the academic activity (including, by way of example and not exhaustively of handouts, presentations, texts, projects or other, with the exception of the diploma thesis), will be the exclusive property and ownership of NABA and is hereby deemed by the Student to have been irrevocably and free of charge assigned to NABA, which will have every right to exploit, economically utilise and dispose of such material for any purpose (including, by way of example and without limitations: advertising, promotional, internal strategy, informative or research, didactic or experimental purposes).

Consequently, all rights relating to the filing and registration of Intellectual Property Rights in national, international registers are reserved by NABA, without prejudice to the Students' rights to be recognized as the authors.

The Intellectual Property Rights of relating to the diploma thesis, as better described in NABA's Intellectual Property Regulations, available at the following link <https://www.naba.it/it/chi-siamo/regolamento-della-proprietà-intellettuale> (in Italian language) - <https://www.naba.it/en/about-us/regulation-of-intellectual-property> (in English language), belong to the Student, who is entitled, who is entitled not only to moral rights but also to economic utilisation rights. In the event of the transfer of economic utilisation rights, the Student undertakes to grant NABA the right of pre-emption, as regulated by Art. 5 of the Regulations.

Article 18) Contributions, fees and taxes do not include photocopying, lecture notes, colour prints and consumables for all practical exercises, computer-based thesis/work, or participation in competitions and exhibitions.

Article 19) Late payment of fees relating to taxes/tuition fees will incur in the application of a surcharge of an additional Euro 50,00 for a delay in payment of up to 30 days and Euro 100,00 for longer delays. In the event of non-payment, the Student's attendance will not be registered and absences deriving from late payment will not be justified under any circumstances.

Article 20) In the event of late payments, NABA reserves the right to demand immediate payment of the outstanding amount, to suspend the Student in arrears from attending the Course and sitting examinations, and to take the necessary legal action to recover the amount due, including costs, interest on arrears, statutory taxes and other charges, as well as the penalty referred to in Article 19.

Article 21) The Student is obliged to comply with the regulations concerning the standards of conduct to be observed within the Academy, as well as the rules governing the use of the Student email accounts, the Academy's PCs and personal ID card, to be found in the MyNABA student reserved area in the section Academic courses > Rules and regulations. Non-compliance with these regulations may incur the application of disciplinary sanctions commensurate with the gravity and frequency of the facts ascertained, which may also include temporary or permanent suspension from the Academy.

Article 21-bis) NABA may make use of Artificial Intelligence systems and tools to support its institutional, educational, administrative and organisational activities, in accordance with the applicable legislation and the policies, regulations and procedures adopted by the Academy. Students undertake to use only those Artificial Intelligence tools and systems that may be authorised by NABA and, in any event, to use them in accordance with applicable legislation, regulations and instructions issued by the Academy, as well as the academic integrity

principles, intellectual property protection, personal data confidentiality and protection.

Students are required to verify the permissibility of using Artificial Intelligence tools within the context of teaching and learning activities, in accordance with the specific guidelines provided by lecturers and/or set out in NABA's internal regulations. The use of such tools does not exempt Student from responsibility regarding the accuracy, originality and authorship of the content and work submitted.

Any breach of the provisions relating to the use of Artificial Intelligence systems and tools, including those concerning academic integrity, intellectual property, confidentiality and personal data protection, may result in the application of the academic, disciplinary and administrative measures provided for in NABA's current regulations, without prejudice to any further liability provided by the law.

NABA reserves the right to verify the accuracy, completeness and correctness of the information and documentation provided by the Student, including by consulting the official websites of INPS and Italian Revenue Agency, within the limits permitted by applicable legislation. Should the household's income and/or assets prove inconsistent with the requested contribution band or the annual tuition fee applied, NABA reserves the right to request, prior to the start of teaching activities, full payment of the standard annual tuition fee, subject to any further verification or adjustment. The contribution band determined for the year of enrolment must be reconfirmed for subsequent years by submitting the relevant documentation by 30 November.

Failing this, the band will remain uncharged until all the required documentation has been submitted within the specified time limit.

Article 26) Students enrolled on the 3rd year of a three year degree program or the second year of of a two year degree program are required to pay NABA a contribution fee of € 540,00 in preparation for the final Diploma examination and to pay the Italian Revenue Agency a fee of € 90,84 for the issue of the diploma certificate (this amount is subject to adjustment, which may be specified in the academic diploma regulation for the academic year in which the Student is enrolled to sit the final examination) by the specified payment deadlines.

Students enrolled on a Master's program are required to pay NABA only the fee of € 540,00 in preparation for the final diploma examination.

Article 27) The application for enrolment by a Student holding a foreign academic qualification is accepted subject to the following conditions:

a- the qualification obtained must allow access to the degree program the Student has chosen to follow at the Academy; compliance with this requirement is demonstrate by the translated and legalised copies of transcripts and degree certificates which the Student is required to submit. In case NABA require further clarification regarding the qualification obtained, the Student must provide the certificate for equivalence of the qualification (Statement of Comparability) issued by the Italian Enic-Naric Centre – CIMEA.

b- The foreign qualification was obtained at the end of a period of study whose duration correspond to the minimum required by the Italian

ministerial provisions in force for the purposes of admission to academic studies.

A special Evaluation Commission, appointed by the Director, will verify the suitability of the foreign qualification. If the Evaluation Commission deem the documentation submitted by the Student to be unsuitable, the Student will be enrolled on the Diploma Programme (auditor) Course for the same Course chosen, without the acknowledgement of academic credits and without taking the academic diploma (NABA Academic Regulations Article 21/2).

The non recognition of a foreign qualification does not constitute a valid reason for unilateral withdrawal, and the Student's refusal to accept enrolment on the Diploma Programme (auditor) Course will entail the consequences and effects set out in Articles 5, 19 and 20.

Article 28) Enrolment on the academic Course remains, in any case, conditioned by the Student being in possession of all the requirements for entry into and residence in Italy as laid down by the laws in force with reference to the academic year to which the enrolment relates. The Student acknowledges that NABA is exempt from any liability regarding the issue and/or confirmation, during the Course of study, by the competent authorities of the Student visa and the relevant residence permit, which must be obtained at the Student's sole expense and responsibility. This also applies where a Student requests and is granted an internal transfer to another Course during the enrolment period. The Student acknowledges and agrees with NABA that, should they be unable for the reason outlined above, or for any other reason, including circumstances beyond their control, to attend

or continue attending the chosen Course, NABA shall be entitled to retain, by way of reimbursement for costs and expenses incurred and to be incurred by NABA and/or as compensation, any sum paid by the Student for any reason whatsoever. In any event, this is without prejudice to any further damages.

No refund shall be payable to the Student in the event that the visa refusal is wholly or partly attributable to their acts and/or omissions, including, but not limited to: failure to attend consular appointments, failure to submit the required documentation, submission of incomplete, inaccurate or misleading information, or any other conduct that may reasonably have contributed to the rejection of the visa application. In such cases, the burden of proof that the visa refusal was not caused by the Student's conduct and/or omissions shall rest entirely with the Student. Should the Student be permitted to commence or attend the Course prior to the issue of the visa (for example, but not limited to: on the basis of a diplomatic passport, an existing residence permit or other temporary or alternative authorisation), and the visa application is subsequently refused, any refund due will be calculated on a pro rata basis, taking into account the part of the Course already attended and the services already provided.

Under no circumstances shall the Student be entitled to a full refund once they have started attending the Course.

Article 29) This contract is governed and regulated by Italian law and falls under the Italian jurisdiction. The parties agree that, for any dispute, the Milan courts shall have exclusive jurisdiction.
