*ECTS credits only awarded to university students or participants who are completing or have completed a university or academic study path

COURSE DESCRIPTION

A full-immersion course that will provide students with an overview of the Italian design methodology.

Students will be introduced to the analysis of the elements of space, and they will have the opportunity to focus specifically on interior design and to dive into intensive project works. Students will use lifestyle, art and design research in Milano.

COURSE OBJECTIVES

The aim of the course is to introduce students to the world of design, and especially to the Italian design approach.

Students will mix in a randomly scientific procedure the various components of space in order to recognize, through experimentation, the creation of different typologies.

ADMISSION REQUIREMENTS

This course is intended for students who have no background in interior design and for students who are attending or will attend their first year of university studies in art and design.

OUTPUT

Students will be free to express their own research by means of any techniques: hand drawing, collages, pictures, movies, etc. The contribution of digital media will help students collect all the impressions and will become a real tool, capable of memorizing and reproducing step by step a way to reprocess the knowledge gained during this experience. There are manifold possibilities: from sketches to
