NABA

NUOVA ACCADEMIA
DI BELLE ARTI

learning by thinking

Our programmes constitute a continuous sequence of multidisciplinary experiences generating research and projects in the artistic and professional contexts of current trends.

learning by doing

Ideas become projects, strategies, techniques and technologies, turning into prototypes and in some cases developing into products for the companies we work with.

teaching by learning

Learning by doing is also teaching by learning and this has changed the relationship between lecturers and students: classes and groups have transformed into work teams that liaise continuously with companies and research institutes. Experience forms the methodological skeleton through which innovation insinuates itself and guides us in planning the future together.

*Italo Rota,
NABA Scientific Advisor from 2013 to 2024*

NABA is the Best Italian Academy of Fine Arts in the top 100 worldwide in Art & Design field in the QS World University Rankings® by Subject.

NABA is the largest Academy of Fine Arts in Italy. Founded in Milan in 1980 and legally recognised by the Italian Ministry of University and Research in 1981, it is characterised by an interdisciplinary methodology with a strong inclination towards research, experimentation, and innovation on the most current issues, including new technologies, AI and sustainability, and a dynamic interaction with the professional context. With its campus in Milan, Rome and upcoming London, **NABA, Nuova Accademia di Belle Arti** offers academic degrees equivalent to first and second level university ones in the Communication and Graphic Design, Design, Fashion Design, Media Design and New Technologies, Set Design, and Visual Arts Areas, legally valid at an international level.

*Through Artistic Intelligence,
we nurture people to design a new tomorrow.*

LABORATORIES

ECOLOGICAL AND CREATIVE TECHNIQUES AT THE GRAPHIC DESIGN LAB

**Multi-support / Editorial design /
Large format printing / Prespaced
lettering / Labels / Mimaki Plotter /
UV-LED technology**

A space to experiment with ecological printing techniques, editorial design and binding. Thanks to a multifunction machine, a Mimaki plotter and an electric cutting machine, students can print on different materials and formats.

ZEROWASTE CULTURE IN THE DESIGN LABS

**3D PLA Printing / Clay 3D Printing /
Laser Cutting / CNC Milling machine /
Thermoforming / Turnery /
Carpentry / Biomaterials**

Here, the design of models and prototypes is carried out with state-of-the-art tools and skilful artisanal dexterity. Research, innovation and sustainable design practice create room for innovative upcycling, an essential part of the present and future industry.

INNOVATION AND SUSTAINABILITY IN THE FASHION AND TEXTILE DESIGN LABS

**Natural dyeing / Printing and silk
screen printing / Eco printing /
Modelling with Lectra / Knitwear with
Shima Seiki / Textile heat-welding with
Framis / Water Recycling System /
Botanical dyeing garden**

With professional machines and constant research on materials and techniques, these labs provide full-scale knowledge of the production chain, for an increasingly sustainable approach to the fashion system.

CUTTING-EDGE ENVIRONMENTS IN THE MEDIA DESIGN AND NEW TECHNOLOGIES LABS

**Film Studios / Photo Studio / Post
Production Suite / Virtual Studio /
Motion Capture / AI / Performing
Media Arts**

With cinema sets and technologies, VFX, Virtual Production and Game, our labs are avant-garde in the design of immersive content for cinema, animation and multimedia installations.

CRAFTSMANSHIP AND INNOVATION AT THE SET DESIGN LAB

**Model building / Prototyping /
Sampling / Handcraft techniques /
Eco-sustainable materials**

A place of continuous exchange where traditional knowledge meets the use of innovative materials and techniques. The students have the opportunity to share their expertise and create small artifacts in the fields of set design, props, models and costumes.

EXPERIMENTATION AND ARTISTIC REPRESENTATION IN THE VISUAL ARTS LABS

**Engraving / Chalcography / Painting /
Sculpture and art installations /
Drawing / Photography / Video
applications and new media / Display**

The teaching of experimental artistic practices and techniques in the labs focuses on the research of personal and new languages, which adds curatorship, art critique, editorial direction and museum management to the art profession.

CAMPUS LIFE

student life

Every year a dedicated office proposes to the students extra-curricular activities such as guided tours, events, sports as well as cultural, commercial and health benefits. Furthermore, thanks to the Buddy Project, additional support to international students is provided.

NABASHOPPING.COM is the
online shop for Made in NABA
products: a collection of clothing
and accessories for study, work
and leisure time.

library

On campus, consultation and borrowing services are available for numerous printed and digital volumes, theses archives and sector-related magazines, as well as access to some of the most prestigious online databases (BoF, JSTOR, WGSN, Vogue Archive). In Milan, a peculiar display of samples of innovative materials and papers is also open to the users. In Rome, there is a small cinema room where it is possible to watch films and TV series via streaming.

housing

The Housing office supports the students, throughout the whole booking process, in finding accommodation in shared apartments or independent studios thanks to different solutions located nearby the campus.

INDUSTRY AND CAREER

The Industry Relations and the Career Service and Alumni Relations offices represent a bridge between the Academy and the working world during the study path, involving students in innovative collaborations and projects with leading companies in different fields, through many initiatives such as Talent Harbour, Recruiting Day, and Design Marathon.

Thanks to a constantly expanding network of partners, the offices value the skills of each student by promoting internships and job opportunities in line both with their attitudes and the demands of the job market.

NABA collaborates every year with more than 900 brands for projects, partnerships, internships and placement, among others:

Some of the programmes indicated in this brochure may undergo variations or accreditation due to academic choices, ministerial directives, or collaborative provisions in UK with Regent's University London.

For Milan and Rome courses*: the degrees awarded at the end of AFAM programmes are First Level (Bachelor of Arts) and Second Level (Master of Arts) Academic Degrees, and First Level Academic Master Degrees (Academic Master), recognised by MUR and equivalent to University Degrees. Further details on the degrees awarded in specific cases are available on NABA website. Where present, the specialisations are activated based on a minimum number of requests.

For the upcoming London courses: participants who successfully complete the Bachelors of Arts will receive a BA (Hons) Degree awarded by Regent's University London* and a total of 360 UK credits (equivalent to 180 ECTS/CFA credits). NABA London courses don't have specialisations.

*Please refer to our website for the current status of course validations and further details regarding our academic offer: www.naba.it
