TUITION FEE AND PAYMENT MODALITIES FOR STUDENTS RESIDENT IN THE EU AND EFTA COUNTRIES

If the Student (and his/her family) has been resident in a country belonging to the European Union for at least 3 years and the income is produced within the European Union, the fee can be adjusted to the economic and asset conditions of the student's original and de facto family.

Income brackets will be assigned as a result of this evaluation which will take into account the economic and financial status of a student's family.

Students who do not fulfill all the requirements or do not stick to the submission deadlines in order to access the reduced fee brackets, will be automatically assigned to the highest income bracket.

For more detailed information on the different income brackets, required documentation, assignment criteria and deadlines, please refer to the specific addendum to the application form called "income bracket assignment guide".
